SECTION 2.0 – GENERAL TERMS AND CONDITIONS

2.1 Definitions

“Request for Statements of Qualifications (RSQ)” means a formal solicitation inviting statements of qualifications.

“Response” means the information submitted by the respondent in response to this RSQ.

“Respondent” means the person, firm, or corporation who submits a response.

“County” means Lake County, Florida.

“Board of County Commissioners” or “BCC” means the governing Board of Lake County, Florida.

“Consultant” or “Vendor” means a respondent awarded a contract from this solicitation.

“You” and “your” mean the same as the term “respondent” above.

“Shall”, “must”, or “will” are equivalent in this RSQ and indicate a mandatory requirement or condition, the material deviation from which shall not be waived by the County.

“Should” or “may” are equivalent in this RSQ and are permissive in nature. Deviation from such a condition or requirement will not by itself cause automatic rejection of a qualifications package, but may be a factor considered in the overall evaluation process.

2.2 General Qualification Guidance

Receipt of this document does not indicate that the Procurement Services office has pre-determined your company's qualifications to receive a contract award. Such determination will be based on evaluation of your qualifications package compared to the specific requirements and qualifications contained in this document.

Section 287.055, Florida Statutes, “The Consultants’ Competitive Negotiation Act” will be followed to secure the required firm. The Contracting Officer listed on the face page will be responsible for the selection process and will be the sole point of contact for all respondents. In addition to the materials provided in the written responses to this RSQ, the County may utilize site visits or may request additional material, information, presentations or references from the respondent(s) that submitted qualifications packages.

2.3 Incurred Expenses

This RSQ does not commit the County to make an award nor shall the County be responsible for any cost or expense which may be incurred by any respondent in preparing and submitting a qualifications package or offer, or any cost or expense incurred by any respondent prior to the execution of a purchase order or contract agreement. By submitting a qualifications package, the respondent agrees that all costs associated with the preparation of the qualifications package will be solely the respondent’s responsibility. The respondent also agrees that the County bears no responsibility for any costs associated with the preparation of the qualifications package, preparing and delivering presentations, and/or any administrative or judicial proceedings resulting from this solicitation process.

2.4 Minor Irregularities

The County reserves the right to waive minor irregularities in submitted qualifications packages when such action is in the best interest of the County. Minor irregularities are defined as those that have no adverse effect on the County's best interests, and will not affect the outcome of the selection process by giving the respondent an advantage or benefit not enjoyed by other respondents.

2.5 Collusive Responses

The respondent certifies, by submission of a response, that its response is made without any previous understanding, agreement or connection with any person, firm or corporation making a response for the same service with prior knowledge of competitive prices, and is in all respects fair, without outside control, collusion, fraud or otherwise illegal action. Any evidence of collusion among respondents and prospective respondents acting

to illegally restrain freedom of competition by agreement to offer a fixed price, or otherwise, will render the responses of such responders void.

2.6 Conflict Of Interest

If any officer, director, or agent of your organization or subconsultant is also an employee of the Lake County Board of County Commissioners, then you shall clearly identify in your response the name of the individual(s) and the position he or she holds in your organization. Further, you shall disclose the name(s) of any County employee(s) who owns, directly or indirectly, any interest in your organization or any of its branches. This does not include stock in a publicly traded organization unless the individual holds more than a ten percent (10%) stake. You shall complete and have notarized a Conflict of Interest Form (Form A-1) and include it in your qualifications package.

If there is a conflict of interest as defined above and by Chapter 112, Part III, Florida Statutes, and Code of Ethics for Public Officers and Employees, the issue will be addressed to the County Attorney's Office for review and opinion whether or not the respondent can be considered for award.

2.7 Public Entity Crimes

Pursuant to Section 287.132 and 287.133, Florida Statutes, the County, as a public entity, may not consider a qualifications package from, award any contract to, or transact any business in excess of the threshold amount set forth in Section 287.017, Florida Statutes, with any person or affiliate on the convicted contractor list for the time periods specified unless such person has been removed from the list pursuant to law. By submitting a qualifications package in response to this RSQ, the respondent is certifying that it is eligible for award under this solicitation pursuant to Section 287.132 and 287.133, Florida Statutes.

2.8 No Confidentiality of Information

When the qualifications package is opened, it becomes a public record, except as listed below. All material submitted becomes the property of the County and may be returned only at the County's option. The County has the right to use any or all ideas presented in any reply to this RSQ. Selection or rejection of a qualifications package does not affect this right.

The County is governed by the Public Records Law, Chapter 119, Florida Statutes (F.S.). Only trade secrets as defined in Section 812.081, F.S., will be exempt from disclosure. If a respondent submits trade secret information, the information must be segregated and each pertinent page must be clearly labeled "**trade secret.**" The County will maintain the confidentiality of such trade secrets to the extent provided by law. If a respondent labels all or most pages "trade secret", the Respondent may not be considered for award.

Also pursuant to Section 119.071 (c), F.S., financial statements will be exempt from examination by anyone other than legally authorized County employees or agents. The County will maintain the confidentiality of such financial data to the extent provided by law.

2.9 PUBLIC RECORDS

1. Keep and maintain public records required by the COUNTY to perform the services identified herein.
2. Upon request from the COUNTY's custodian of public records, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONSULTANT does not transfer the records to the COUNTY.

4. Upon completion of the contract, transfer, at no cost, to the COUNTY all public records in possession of the CONSULTANT or keep and maintain public records required by the COUNTY to perform the service. If CONSULTANT transfers all public records to the COUNTY upon completion of the contract, CONSULTANT shall destroy any duplicate public records that are exempt, or confidential and exempt, from public records disclosure requirements. If CONSULTANT keeps and maintains public records upon completion of the contract, CONSULTANT shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the COUNTY, upon request from the COUNTY's custodian of public records, in a format that is compatible with the information technology systems of the COUNTY.

IF CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS, SUSAN DUGAN, AT LAKE COUNTY, 315 WEST MAIN STREET, TAVARES, FL, OR AT 352-343-9768, OR VIA EMAIL AT SDUGAN@LAKECOUNTYFL.GOV.

Failure by a potential respondent to ask questions or request changes by the date indicated above shall constitute the respondent's acceptance of the requirements set forth in this RSQ. No answers provided by any party given in response to questions submitted shall be binding upon this RSQ unless released in writing as an addendum to the RSQ by the Office of Procurement Services.

3.5 Respondents Responsibility / Clarification and Addenda

While the County has used considerable efforts to ensure an accurate representation of information in this RSQ, each prospective respondent is urged to conduct its own investigations into the material facts and the County shall not be held liable or accountable for any error or omission in any part of this RSQ. It is incumbent upon each prospective respondent to carefully examine these requirements, terms, and conditions. A respondent, by submitting a qualifications package, represents that the respondent has read and understands the Request for Qualifications requirements and its response is made in accordance therewith and that the respondent is familiar with the local conditions under which the awarded Respondent must perform. Any inquiries, suggestions, or requests concerning interpretation, clarification or additional information shall be made in writing [fax 352-343-9473 or e-mail are acceptable] in accordance with procedures set forth herein. The County will not be responsible for any oral communication given by any employee, agent, or representative of the County. The issuance of a written addendum is the only official method by which interpretation, clarification or additional information can be given.

If the County revises (amends) this RSQ, notice will be posted on the Lake County Internet site:
http://www.lakegovernment.com/departments/procurement_services/open_bids.aspx

You must acknowledge each addendum in your proposal. Failure to acknowledge each addendum may prevent your proposal from being considered for award. It is solely your responsibility to ensure that you have received all addenda to this RSQ before submitting your proposal.

Before submitting a qualifications package, each respondent shall make all investigations and examinations necessary to ascertain site conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the respondent will rely. If the respondent receives an award, failure to have made such investigations and examinations will in no way relieve the respondent from its obligations to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim by the respondent for additional compensation or relief.

3.6 Restricted Discussions

From the date of issuance of this solicitation until final County action, vendors should not discuss the solicitation or any part thereof with any employee, agent, or any other representative of the County except as expressly authorized by the designated procurement representative. The CD shall contain a PDF of the response; clearly labeled with the vendor's name and the solicitation number on the CD cover. **The vendor shall submit their response within a sealed envelope or package clearly marked with the vendor's name and the solicitation number on the outside of the envelope or package.** Failure to provide the required copies and information may result in the qualifications package not being considered.

To facilitate analysis of its qualifications package, the respondent shall prepare its qualifications package in accordance with the instructions outlined in this section. If the respondent's qualifications package deviates from these instructions, such response may, in the County's sole discretion, be rejected. The County emphasizes that the respondent concentrate on accuracy, completeness, and clarity of content.

3.7.1 Economy of Presentation and Guidelines

Each qualifications package shall be prepared simply and economically, providing a straightforward and concise description of the respondent's capabilities regarding the conditions and requirements of the specific work to be performed pursuant to this RSQ. Elaborate bindings, colored displays, and any superfluous promotional material are not desired, and at a level considered unwarranted by assigned evaluators, may serve as evidence of cost inefficiency supportive of a lower technical rating. Emphasis in each qualifications package must be on completeness and clarity of content. To expedite the evaluation of qualifications packages, it is **mandatory** that respondent follow the format and instructions contained herein. The County retains the prerogative to reject any response that does not essentially conform to the stated requirements.

Cross Referencing - To the greatest extent possible, each section shall be written on a stand-alone basis so that its contents may be evaluated with a minimum of cross-referencing to other sections of the qualifications package. Information required for evaluation of qualifications, which is not found in its designated section, will be assumed to have been omitted from the qualifications package.

Abbreviations and Acronyms – All abbreviations and acronyms used in the qualifications package shall be explained and/or defined upon their first usage in each section of the qualifications package.

Page Limitation, Size, and Format – Responses are limited to a total page count not to exceed 50 pages. This count includes all response content to include completed County Forms 1A, and 1 through 6, but excluding tab sheets, covers, or any County-issued addenda pages. Page size shall be 8.5 x 11 inches, not including foldouts. Pages may be single-spaced. The text size should be 11 point or larger. Use at least one (1) inch margins on the top and bottom and three-quarter (3/4) inch side margins. Pages shall be numbered sequentially by section.

Legible tables, charts, graphs and figures shall be used wherever practical to depict organizations, systems and layouts, implementation schedules, plans, etc. These displays shall be uncomplicated, legible and shall not exceed eleven (11) by seventeen (17) inches in size. Foldout pages shall fold entirely within the section, and count as a single page. Foldout pages may only be used for large tables, charts, graphs, diagrams, and schematics, and not for pages of text.

Binding and Labeling – The entirety of the qualifications package should be spiral bound on the left margin to permit the qualifications package to lie flat when opened. All response sections must be appropriately separated and tabbed. Staples shall not be used.

3.7.2 Qualifications Package Sections

The respondent shall organize its qualifications package into the following major sections.

You may withdraw your qualifications package or modify it at any time prior to the official response due date and time. You shall be required to produce photo identification that satisfies the County prior to withdrawal or modification of your qualifications package. Negligence upon your part in preparing your qualifications package confers no right of withdrawal after the time fixed for the submission of qualifications packages.

3.9 Qualifications Package Acceptance / Rejection

The County reserves the right to accept or reject any or all qualifications packages received as a result of this RSQ, or to negotiate separately with competing contractors. The County reserves the right to waive any informalities, defects, or irregularities in any qualifications package, or to accept that qualifications package, which in the judgment of the proper officials, is in the best interest of the County and the citizens of Lake County.

3.10 Discussions and/or Presentations after Initial Response

The County, at its sole discretion, may conduct discussions with, and/or require formal presentations by, any respondent without charge to the County. The County reserves the right to require any respondent to demonstrate to the satisfaction of the County that the respondent has the fiscal and technical ability to furnish the service(s) or product(s) as proposed. The County shall be the sole judge of compliance in this regard. The County reserves the right to conduct discussions with any respondent(s) which has (has) been “short-listed” as a most-qualified respondent.

Respondents are cautioned not to assume that they will be asked for discussions or a presentation and should include all pertinent and required information in their original qualifications package.

Discussions and/or presentations shall follow the spirit and intent of provision 3.7.1 above. Any formal presentations that are overly elaborate and appear to rely more on the technical manner of presentation rather than on the actual content of presentation will be subject to lesser technical ranking. The discussion and/or presentation shall be focused on the essentials of the project itself, and, unless requested by the respondent and approved by the County, shall include no more than three representatives from the respondent, one of whom shall be the respondent's proposed project manager for the effort to be performed. Any additional attendees must have a documented direct function in the work to be performed.

Upon completion of discussions and/or presentations with short-listed respondents, the County will determine which one (or more in the case of a multiple award continuing contract) of those respondents is considered the best qualified for the specific work being solicited. Pricing negotiations will then ensue with the respondent(s) in the manner stated in Section 287.055, Florida Statutes.

3.11 Award of Contract(s)

The County reserves the right to reject any or all responses, to waive any minor informality or irregularity in any response, and to make award to the response deemed to be most advantageous to the County within the selection factors and process cited within Section 287.055, Florida Statutes.

It is understood that the County is not obligated to make an award under or as a result of this RSQ or to award such contract, if any, on the basis of lowest cost or one factor alone. The County reserves the right to award such contract, if any, to the best qualified respondent(s).

The County has the sole discretion, and reserves the right, to cancel this RSQ, or to re-advertise with either the identical or revised specifications, if it is deemed to be in the County's best interests to do so.

Any qualifications package that is contingent upon an award or a contract for any additional service shall be rejected and not considered for an award.

In the event of default by the awarded Respondent, the County reserves the right to negotiate and award the contract to the next best qualified Respondent without any further competition.

3.12 Time Limit to Submit Required Award or Initial Performance Related Documentation

Within ten (10) calendar days after County notification of intent to award, or subsequent intent to proceed, any successful respondent must furnish all deliverables or documentation required to specifically support the County intent. Lake County Public Works Scope of Services Astatula Fuel Remediation System Operation & Maintenance

1.0 Purpose

Provide professional services for the Astatula Fuel Remediation System Operation and Maintenance. The Consultant will have a professional business license to be able to provide operation and maintenance, engineering evaluation, design, and recommendations that come from the testing. This would mean having a professional engineer and professional geologist on staff that is licensed in Florida. The company/firm performing this work will be on the approved FDEP list of certified contractors. Field personnel will have completed OSHA HAZWOPER 40 hour training with a current certification.

The system is in year 5 of its operation, and at this time has 10 groundwater recovery perimeter wells for containment. These were built in Phase I. Phase II construction has added 4 new groundwater recovery wells and 5 new dual phase wells, recently constructed for source removal. The Remedial Action Plan (RAP) and addendum is provided, along with the last quarterly FDEP submittals to familiarize yourself with the Astatula Project. They can be found at the following site:

ftp://ftp.lakecountyfl.gov/Public_Works/Engineering/Alan%20K/Fuel%20Remediation/

The Consultant will provide a quarterly and an annual report that will contain all essential information and recommendations for submittal to the Florida Department of Environmental Protection (FDEP) as per the Astatula RAP.

A detailed list of services is provided under the Section 2.0 Consultant's Tasks.

2.0 CONSULTANT'S TASKS

Task 1- Operation and Maintenance

The Consultant should have at least one field technician with a minimum of 5 years' experience performing O&M on remedial system specifically related to groundwater remediation.

The Consultant should have equipment and instrumentation typical for this type of work, including but not limited to: organic vapor analyzer equipped with flame ionizing detection (OVA-FID), water levels/interface probes, vacuum/pressure gauges, Personnel Protective Equipment (PPE) level C, 4-wheel drive truck, pressure washer, peristaltic pump, sampling field monitoring equipment (ORP, pH, Temperature, conductivity, alkalinity).

Consultant shall self-perform system O&M with company staff, without the need for subcontractors, except for discrete events such as spent carbon removal, etc.

The quarterly water sampling will be part of this contract, so the Consultant should self-perform groundwater sampling with technicians trained in FDEP Standard Operating Procedures (SOP) for field sampling. Quarterly and Annual reports to FDEP are signed and sealed by a Florida Professional Engineer.

Bag filters are changed daily (M-F) with Lake County taking care of this operation 4 times a week. The consultant is expected to handle this task on the other day of the week.

The consultant shall maintain communications with FDEP site project manager and act on the County's behalf with regard to conveying information on the remedial system.

Deliverables

One page weekly reports are emailed to the County's project manager on system status.

Task 2 – Groundwater Sampling and Monitoring

The Consultant will monitor and sample all wells in accordance with the approved RAP for the Astatula Fuel Remediation System. The sampling sequences are denoted within the RAP and Quarterly reports to FDEP. Staff engineers and geologists (with a minimum 5 years of experience doing this type of work) should be available for evaluation and assessment of the system, and how the sampling should/could steer changes and adjustments for a productive clean up. A possible adjustment to the RAP could be in order, and staff should be able to perform such duties. This would mean the Consultant has access to ACAD drafting equipment and the personnel to make such adjustments.

All FDEP Standard Operating Procedures (SOP) should be understood and followed with all sampling events.

Deliverables

Possible plan changes to adjust existing RAP

Task 3 – FDEP Quarterly and Annual Reporting

The Consultant will report on behalf of Lake County to the FDEP per the Quarterly and Annual schedule as presented in the RAP.

If questions are presented from the testing results, the Consultant will work with Lake County on preparing a responding letter.
